

# F2 DEGREASING SOLUTION CONCENTRATE

Conforms to 93/112/EEC and ISO.11014-1

## HEALTH & SAFETY DATA SHEET

### 1. Identification

Product name: F2 Degreasing Solution Concentrate  
Application: Solution to degrease surfaces.  
Supplier: Ocean Coatings Ltd, NetPark Plexus, Sedgefield, Co Durham TS21 3FD, UK  
Tel: +44 (0) 20 7305 5060

### 2. Composition

Poly(oxy-1,2-ethanedyl)alpha-(2-propylheptyl)omega-hydroxy  
Sodium dodecyl sulphate

### 3. Hazard Identification

Hazard labelling pursuant to EC Regulation 1272/2008 (CLP)

#### Label elements

Signal Word: Danger

#### Hazard Statements

H319 Causes serious eye irritation.

#### Precautionary Statements

IF IN EYES: Rinse cautiously with water for several minutes. Continue rinsing.  
Dispose of contents/container in accordance with local regulations  
Wear protective gloves/protective clothing/eye protection/face protection

### 4. First Aid Measures

Eye contact: Wash well with water for at least 15 minutes. If irritation persists seek medical advice  
Skin contact: Wash off with soap water. If discomfort continues seek medical advice.  
Inhalation: Move into fresh air and keep at rest. Get medical attention if discomfort continues.  
Swallowing: Immediately rinse mouth and provide fresh air. Do not induce vomiting. Get medical attention immediately.

### 5. Fire Fighting Measures

#### Extinguishing media

Water spray, fog or mist. Foam, carbon dioxide or dry powder.

Do not use water jet as an extinguisher as this will spread the fire.

Water may be used to keep fire exposed containers cool.

### 6. Accidental Release

In the event of spillage mop up bulk with vermiculite, dry sand or earth and into containers. Treat large spillage as industrial waste. Do not allow product to enter any water course.

## 7. Handling and Storage

Store in sealed original containers. Do not mix with other material.

Keep away from sources of heat and prevent from freezing.

Provide good ventilation when in use

## 8. Exposure Controls/Personal Protection

Respiratory Protection      When spraying use respiratory device.

Hand protection              Use protective gloves.

Eye protection                Wear tightly fitting goggles. Avoid direct contact with eyes

Skin protection                Wear protective general work clothing

Hygienic work practices      Do not smoke in work area. Wash promptly if skin becomes contaminated.

## 9. Physical and Chemical Properties

Appearance                  Colourless.

Odour                          Typical.

Flash point                  >100 C

PH value at 20 C          7

Relative density          1.02 at 20C

Solubility                    Soluble in water

Viscosity                    300 mPas @20C

## 10. Stability and Reactivity

This product is stable under all normal conditions of use. Protect from freezing.

No hazardous reactions are foreseeable.

## 11. Toxicological Information

Inhalation                  No dangerous fumes evolved

Skin contact                Does not meet the classification criteria for this hazard class.

Eye contact                May cause serious eye damage.

Ingestion                  May cause discomfort if swallowed.

## 12. Ecological Information

This product is not known to cause any adverse environmental effects when used according to the instructions.

## 13. Disposal Considerations

Dispose of any bulk material as industrial waste according to local authority waste regulations.

## 14. Transport Information

### UN number

Not applicable

### UN Proper shipping name

Not applicable

### Transport hazard classes:

Not applicable

IMDG:                      Not applicable

IATA:                      Not applicable

**Packing group**

Not applicable

**Environmental hazards**

ADR / RID      NO

IMDG:            NO

IATA:            NO

**15. Regulatory Information**

This product has been classified and marked in accordance with directives on hazardous materials.

**16. Other Information**
