Degreasing Solution

Product Features

Description
F2 Degreasing Solution is an alkali-free and solvent-free cleaning concentrate for boat hulls, propellers and marine equipment. It removes oil, grease, fuel films and stubborn residues. In the F2 EcoHull system it is the cleaning step before coating.

Environmental Profile
Contains surfactants that meet the biodegradability criteria of Regulation (EC) No 648/2004 (Detergents Regulation). Do not allow the product to enter water bodies.

Versatile Use

- Concentrate for flexible dilution
- Alkali-free and solvent-free formulation
- Effective against oil, grease and heavy residues
- Suitable for use with hot or cold water
- Aluminium safe

Product Data

Colour
Clear liquid

pH Value
Neutral

Density
1.085 g/cm^3

Pack size
0.5 L | 1 L

Composition
A complex blend of surfactants

Product Safety

Safety Notes
Use the product in accordance with this datasheet, the safety data sheet and the information on the label. Wear protective gloves and safety glasses. National occupational health and safety regulations must be observed. Safety data sheet: f2eco.eu/downloads

Degreasing Solution

Application

Dilution

Normal degreasing	1:10 with fresh water
Heavy soiling	1:4 with fresh water

Application Steps

- Apply with a brush or sponge. Work in with a brush to loosen residues.
- Leave to act for about 2 minutes. The product must not dry on the surface.
- Rinse thoroughly with fresh water. Repeat if necessary.
- Let dry completely before coating.

Application Hints

- Works with hot or cold water.
- Always test on a small area first.
- Do not mix with other cleaners.
- In hot weather, pre-spray the surfaces with cold water before application.

Storage and Disposal

Storage Conditions

Store closed, frost-free and protected from heat (5 to 25 °C).

Shelf Life

Unopened containers: 24 months

Disposal

Material residues and empty containers must be disposed of in accordance with the applicable local regulations.

This datasheet applies in the version stated above to the product supplied. The version valid at the time of the order is decisive. It describes the product and its application and does not replace the complete instructions at f2eco.eu. If the documents differ, the following order applies: 1. our written information on the individual project, 2. the instructions, 3. this datasheet. Label and safety data sheet must also be observed.

Substrate, preparatory work, application and conditions of use are beyond our control. Application that deviates from the instructions and the datasheet is not intended use. Damage resulting from it is not a defect of the product. The information in this datasheet is not a guarantee. Delivery, statutory warranty and liability are governed by the General Terms and Conditions of F2 ECO Trading GmbH (f2eco.eu).
